

# ANTI-SLIP TAPES

Most aggressive, durable adhesive system on the market today.

INDOOR AND OUTDOOR APPLICATIONS

Safety Track® commercial grade non-skid grit tape has been designed for most general purpose applications. This product was engineered to exceed OSHA Standards by providing a durable, consistent non-slip surface. The silicon carbide grit ensures the longevity in both indoor and outdoor applications. By coating the adhesives, Safety Track® non-slip tapes can assure the most aggressive, durable adhesive system on the market today. Safety Track® non-skid tape is the preferred product line when visual warning is required to mark potential slip and fall hazards. This non-slip product line was developed with maximum visual warning characteristics in mind.

## Specifications

### Safety Track® Grit Anti-Slip Tapes

- Available in various sizes
- Abrasive grain coated plastic film
- Pressure sensitive adhesive backing
- Heavy duty available in black only

### Resilient Anti-Slip

- Resilient tape features laminated, calendared film
- Pressure sensitive adhesive backing

## Features

### Safety Track® Grit Anti-Slip Tapes

- Creates high traction surface to prevent slips and falls.
- Great for industrial applications like walk ways, ramps, loading docks, stairways

### 3450 Glow Anti-Slip Tape

- Consistent high traction surface indoors and outdoors
- Aggressive adhesive system for longevity of application
- Superior resistance to chemicals and fluids
- NFSI - National Flooring Safety Institute certified for "High Traction"
