NMC NOW OFFERS ELECTRONIC SCOREBOARDS

SLATERSVILLE, RI – National Marker Company (NMC), a manufacturer of safety identification products, has just added a brand-new line of digital scoreboards to their product offering. This new line features 8 stock safety legends as well as unlimited custom legends and photo imaging capabilities.

NMC's digital scoreboard eliminates the manual process to erase and write in the number of consecutive days without an OSHA recordable injury. Digital scoreboards feature a 4-digit clock with multiple function capabilities. If a recordable injury occurs, simply reset the LED display.

Product Features:

- Scoreboards automatically updates every 24 hours
- Safety Days stand out with brightly-lit 2 ½" LED numbers
- Timer can be set for actual time to change
- Durable lightweight construction
- 8 stock legends size 28"x20" available
- Custom photo imaging and custom legends available
- Power-failure feature – counter remember most recent number stored
- Tamper-proof clock design

For more information about NMC's new line of digital scoreboards or any other product category, contact National Marker Company or visit us at nationalmarker.com.
