For Immediate Release – February 8, 2010

NATIONAL MARKER INTRODUCES ISO COMPLIANT SIGNS

North Smithfield, RI – ISO machine labels use only graphics to identify required procedures, prohibited actions and machine hazards. National Marker offers a variety of warning, prohibition and mandatory action symbols to help machine builders and employers overcome language barriers and prevent serious accidents and injuries. Offered in small sizes, combinations of labels applied directly to the hazard site provide quick and easy to understand instructions and/or warnings.

###

About National Marker

National Marker Company (NMC) is a leading manufacturer of safety identification products servicing a worldwide distribution network. NMC's Research & Development Team is *continually researching safety regulation changes*, staying ahead of developing trends in the market place, and adding new and innovative products to an offering of over 15,000 stock products. Founded in 1934 and experiencing phenomenal growth over the last several years, we have expanded our custom capabilities, our core product categories of safety signs, tags, labels and tapes, as well as introduced new categories such as digital scoreboards, label printers, and safety accessories. NMC is a driving force in the safety identification industry and takes pride in partnering with distributors whose top priority is providing their customers quality safety identification products at affordable prices.
